

The Use of the Iñupiaq Technique of Tundra Sodding to Rehabilitate Wetlands in Northern Alaska

Timothy C. Cater,¹ Charles Hopson² and Bill Streever³

APPENDIX 1

TABLE S1. Percent cover of vegetation and bare ground on areas treated with tundra sod at four rehabilitation sites in the Prudhoe Bay oil field. Species with trace cover (tr) were present but not hit during sampling.

Life form / Species	Sodding treatment												
	Site A					Site B			Site C			Site D
