

When Anny Returns to the Scene of Their Crime

Anny

came back to
Crocker Bank today to
say hello to the
people who fired her (because
her hair's too frizzy & her
one red dress fits
on her like a scarecrow &
her lipstick's painted
red all over her
face

) Anny
being cute in *her* way &
not the *Crocker* way (with
standardized interchangeable
receptionist face &
soul of a tv commercial
) &

Steve showed her the poem I
wrote about
how mad I was because
they released her wrong
image (&
I wasn't there to
see if she cried about
my poem about
being angry about
her mistreatment ((or
if she got mad at me for
calling her a flower from
another garden (((when
what she really wanted was to
fit into
this one)))
?))
)
